Your ServiceNow® data. Your strategy.

Turn ServiceNow® data into business value — with better insight, lower costs, stronger resilience and more control. in benefits

One portfolio. Four business outcomes.

01

REPLICA

Report • Analyze • Integrate

Bring ServiceNow data into your own reporting and BI environment. Create reliable analytics without putting unnecessary reporting load on your ServiceNow instance.

02

ARCHIVE

Offload • Save • Optimize

Move older or less frequently used data and attachments to your own infrastructure. Reduce ServiceNow storage pressure while keeping data accessible.

03

DRIVE

Move • Control • Save

Move ServiceNow attachments to your preferred cloud storage. Reduce storage costs and improve the responsiveness of your ServiceNow environment.

04

BACKUP

Protect • Recover • Resilience

Keep a controlled copy of critical ServiceNow data outside the platform. Support recovery, data protection and business continuity.
